As the Council for Voluntary Service for Test Valley, we are looking to support Community Groups across the Borough helping with the individuals who are self isolating. Self-isolation is about protecting others and slowing down the spread of COVID-19.

We have various individuals, groups and companies who have approached us who wish to help and volunteer during this current situation.

To ensure all the communities across the Test Valley are supported we are looking to produce a network of support services currently in place in your local area.

This will enable us to sign post any individual requiring support and more importantly see any gaps within local communities.

Please forward your group details via email:
UnityC-19@unityonline.org.uk
