

## **Test Valley Borough Council Core Strategy**

Test Valley Borough Council has now started a consultation exercise on its Core Strategy for development up to 2026. The consultation runs from 31st October to 12th December and the strategy can be viewed on the Borough Council's web site.

The Borough Council will be holding exhibitions at various locations in the Borough and again dates and venues can be found on their website.

The Parish Council's position on the Core Strategy is to

**Support** the strategy as our area has not been allocated any new housing development.

**Support** the overall Core Strategy which focuses development in other areas.

**Strongly support** the Borough Council's approach in recognising the importance of retaining gaps between settlements in southern Test Valley in particular, the local gap between North Baddesley and Valley Park.

Residents are encouraged to make their views on this matter known by writing to the Head of Planning at Test Valley Borough Council, Council Offices, Duttons Road Romsey, Hampshire, SO51 8XG.

**Residents please do not leave the above matters to your neighbour. Your neighbour may be leaving it to you. Whilst the Parish Council will be making a detailed response to Test Valley Borough Council it is important that you do too.**
