

## M27 Junction 5-7 Overlay Scheme

e-Bulletin – 22 October 2024

### M27 Junction 5 to 7 Overlay Scheme

Our recent switch to phase 2b went well, and drivers are now able to travel along the new surface in place along the outside lanes of the eastbound carriageway.

As part of the next phase of the scheme we need to close the M27 overnight, so we can undertake a variety of tasks including routine maintenance, improving sign visibility, and some technology works. We can't complete these tasks under lane closures, so we need to close the main carriageway overnight on the dates listed below.

| Closure Location                           | Dates   |
|--|---|
| M27 junction 4 eastbound to M27 junction 9 | 4 November to 5 November<br>(9.00pm to 6.00am)              |
| M27 junction 8 westbound to M27 junction 4 | 12 November to 14 November<br>(9.00pm to 6.00am each night) |

Designated diversion routes will be in place during these closures. You can find more information at the end of this letter. Please note all dates are subject to change due to operational needs or adverse weather.
